TO WHOM IT MAY CONCERN:

I was a test subject for the product "Slipguard," invented by Michael Maffei, approximately two winters ago. We sprinkled the product on our icy front walk and stairs. The product kept the icy walk slip-free. It lasted a lot longer than rock salt or other anti-slip product. I was very favorably impressed.

In addition, I have used a variation of Slipguard as a fertilizer. The plants and flowers I used it on grew much faster and were healthier than those which did not receive a treatment. I call it "Mike's magic" because it is truly amazing.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

Julie A. Anderson
